

THE WINE BAR

AT THE WALNUT ROOM

The evolution of **The Walnut Room** began when a member of our millinery department brought in homemade pot pies for her clients so they would not go hungry while shopping. A few years later and her pies became the central offering of the tea room. Demand called for more space, and in the late 1890s **The Walnut Room** was born.

At **The Wine Bar at The Walnut Room** we focus on the most compelling and intriguing wines of the world balanced with a variety of cheese plates and samplers.

The Wine Bar is a close partner to our Wine Shop located on the lower level of our store. All wines listed here are available for retail purchase in the Wine Shop. And, as always, all of the wines are hand selected and approved by our talented and committed wine staff.
